SANTE FE, N. M., Oct. 9.—Seven-teen of the convicts at the penitentiary working in a stone quarry two miles northeast of Santa Fe, overpowered their two guards and took their guns away from them. Only two of the gang made their escape, while the others remained and liberated the guards again. A posse with bloodhounds in pursuit of the two fugitives, who made for the mountains.

DOESN'T NEED IT NOW.

CHICAGO, Oct. 9.—Dr. Emma Nickerson, 60, is dead of pneumonia at her farm in Rushing township, Genesee county, Michigan.

Dr. Warner achieved some publicity through a contest in the Cook county probate court between her and the heirs of F. W. Wheeler, a wealthy paper manufacturer of Chicago, for \$50,000. She had attended Mr. Wheeler as a physician through many illnesses and during his last illness he proposed to give her \$50,000 in bank stock. An assignment was prepared, but he died before signing it. The claim was disallowed by the probate judge and an appeal is pending.

JAP KILLS JAP.

SAN FRANCISCO, Oct. 9.—I. Sugiyama, a Japanese, has arrived here on the bark B. P. Cheney in custody from Nanek, Alaska, charged with the murder of a Japanese by the name of Macheshta, on July 29, last. Sugiyama was employed by the Alaska Packers Association in a cannery at Naknek river, Alaska, and in a quarrel he drew a revolver and shot Macheshta through the heart. The crime was committed, Sugiyama claims, in self-defense.

WILL AFFECT PIG IRON.

NEW YORK, Oct. 9.—There is now a distinct lull in the buying of coal for American shipment, says a Tribune dispatch from London, but prices all round are firmly held at advanced figures. The rise in the price of coke on the one hand and in rates to America on the other, now operating to affect prejudicially the shipment of pig iron to the United States, which has been such an important factor in the British export trade this year.

McBRIDE TO TAKE THE STUMP.

SEATTLE, Oct. 9.—Governor Henry McBride will take the stump soon and has been assigned as follows: Whitman county, October 17-18; Lincoln county, 20-21; Adams, 22; Yakima, 23; Kittitas, 24-25; Pacific, 27-28; Clarke, 29; Cowlitz, 30; Tacoma, 31; Seattle, November 1, and Mount Vernon, November 2.

EDUCATIONAL CONFERENCE.

NEW YORK, Oct. 9.—The conference between Colonial Secretary Chamberlain and representative unionists at Birmingham tonight to discuss the differences of the education bill is waited with keen interest throughout

the country, cables the London correspondent of the Tribune.

Mr. Chamberlain will invite the correspondents to express frankly their views and as many of his chief supporters desire to take part in the discussion, the proceedings may be long. Sir William Harcourt has discussed the measure with his accustomed vigor at a meeting of his constituents. He condemned the bill as hopelessly bad.

SATISFIED WITH TARIFF.

Changes Agitated for Years Are Now Accomplished.

JOHANNESBURG, Oct. 9.—The revised customs tariff gives general satisfaction. By it the cost of living will be reduced and the mining and agricultural industries will be materially benefited. The special duties of six cents each on poles, two cents a pound on sulphuric acid, six cents a pound on lead and 12 cents a pound on copper wire have been cancelled. All iron will be admitted free and the cost of building will be greatly reduced by the reduction of the rates on cement and timber.

The alteration in the duties on cigars from \$3.75 per 100 cigars without distinction as to size, to \$1.50 a pound, and from \$3.75 per 1000 cigarettes to \$1 a pound is considered equitable. The special duty on jams and confectionery of \$10 per 100 pounds will be reduced to seven cents a pound. The special duties of \$2.50 on oats and \$1.25 on oat hay will be repealed. Anomalous duties have been amended.

Most of the changes have been agitated for years. This is especially so with regard to matches, which were taxed \$1 per gross for the benefit of the concession. This tax has now been reduced to 50 cents per gross.

FAVOR TARIFF REVISION.

Rhode Island Republicans Endorse Roosevelt for Presidency.

PROVIDENCE, Oct. 9.—The Republican state convention today nominated Charles D. Kimball for governor. The platform declares that President Roosevelt's record as the nation's executive merits for him the nomination for president in 1904.

The platform points out the benefits which have accrued under the protective tariff system, and, while insisting upon the stability of this policy, recognizes the fact "that a new or changed industrial condition may naturally lead from time to time to readjustment of tariff rates."

SOUTH AFRICA CUSTOMS TARIFF.

PRETORIA, Orange Free State, Oct. 9.—The Gazette says the new customs tariff will take effect a fortnight hence. The existing duty on dynamite is left unaltered owing to the fact that the questions bearing upon the conditions regulating the manufacture and importation of the explosive into the Transvaal colony are under discussion. The duty, says the Gazette, will be dealt with separately, however, as soon as possible.

GOLF CHAMPION.

NEW YORK, Oct. 9.—Louis N. James, the Princeton freshman and holder of the national amateur golf championship, will not be permitted by the faculty to play in the Inter-collegiate tournament this fall, says a World dispatch from Princeton, N. J. James is only a special student and the faculty rules require him to wait until he becomes a regular student, which will take about a year.

BOERS WERE RESENTFUL.

Declined to Meet Emperor William Through British Agent.

BERLIN, Oct. 9.—It developed today that the Boer generals declined, in a telegram, to seek presentation to Emperor William through the British ambassador, and the fact has produced extraordinary commotion among politicians and courtiers. Official circles are very much annoyed at the Boers' behavior.

NOT A RELIEF BUT A CURE

I wish to thank you for my relief. I was suffering agonies from piles and was taking morphine to relieve me, when, on the advice of a friend, I procured a bottle of your Perrin's Pile Specific and took a tablespoonful at night and another in the morning. At half past twelve noon my wife gave me another tablespoonful, when my pain all stopped. In two days I was able to attend to my regular business entirely relieved. It was simply wonderful.

CANCEROUS ULCERS

Are in many respects like other ulcers or sores, and this resemblance often proves fatal. Valuable time is lost in fruitless efforts to heal the sore with washes and salves, because the germs of Cancer that are multiplying in the blood and the new Cancer cells which are constantly developing keep up the irritation and discharge, and at last sharp shooting pains announce the approach of the eating and sloughing stage, and a hideous, sickening cancerous sore begins its destructive work.

No ulcer or sore can exist without some predisposing internal cause that has poisoned the blood, and the open discharging ulcer, or the festering sore on the lip, cheek or other part of the body will continue to spread and eat deeper into the flesh unless the blood is purified and the Cancer germs or morbid matter eliminated from the circulation.

S. S. S. cleanses the blood of all decaying effete matter. It has great antitoxic and purifying properties that soon destroy the germs and poisons and restore the blood to its natural condition. And when pure blood is carried to the ulcer or sore the healing process begins, the discharge ceases and the place heals over and new skin forms. S. S. S. is a strictly vegetable blood purifier containing no mercury or minerals of any description.

If you have an ulcer or chronic sore of any kind, write us about it, medical advice will cost you nothing. Books on Cancer and other diseases of the blood will be sent free.
